

Security report – Eyal Myers

We have a small band of volunteers and have managed over the last year, with Oaks Lanes Volunteers and a hired hand it has been managed. CST are extremely vigil and have paid for heavy doors that lock, doors with bars and mobilizing to be installed on their Synagogue. EM will speak to Lee Oaks Lane Security person and Phil Mitchell about the security in the main building that we enter. CST give him reports every week and thankfully this corner of Essex there are very few incidents. CST are going to replace the sign for the Synagogues. FN asked if there are cameras that are being looked at all times as there are children about. EM said he has the camera on his phone. EM was thanked for his report and seconded by GS & AS.
